

HIP HOP STARZ

Saving Tracks

1. First Step is layout your samples in which form you like to create your Tune.

2. You have to locate your Track Markers.

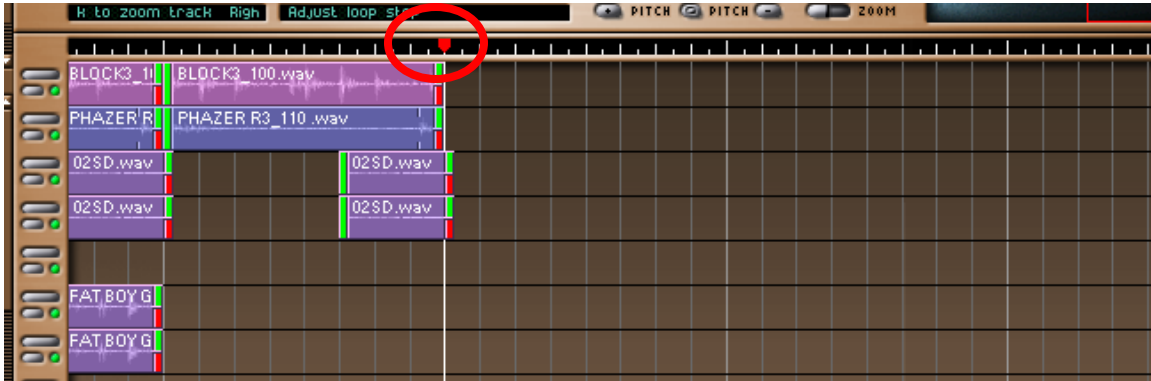

Marker 1 stands for the beginning of the track, in other words where do you want the track to start.

Marker 2 stands for the end of the track.

3. Now you need to Stretch your markers to be able to save the entire track. For that you do the following:

- Make sure Marker 1 is at the beginning of the track sample.
- Stretch Marker 2 all the way to the end of the track sample (to do that you locate Marker 2, Right Click on the marker, and hold the button, drag the marker all the way to the end of the track sample)

- Now you can save your track.

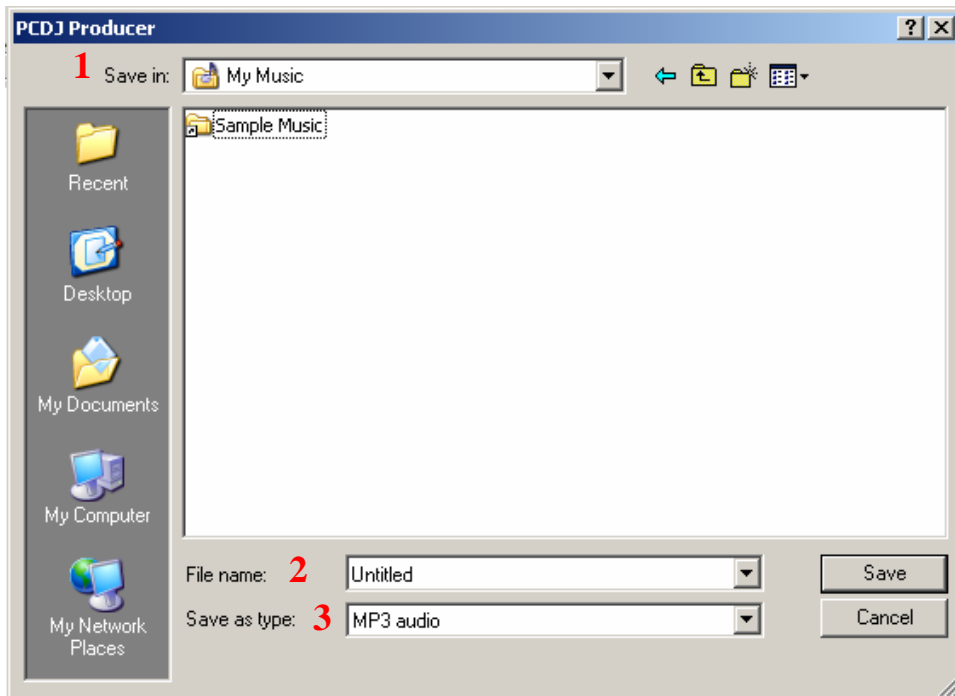

Click on Save

A small window will pop up to save your track

Follow these steps:

1. Assign the location where you would like to save the track.
2. Name the Track
3. Choose file format (MP3)

Now you can click save.
